

LTA CLEAR Assessment - Assessor Training and Development

Face-to-Face Event

Country: Ljubljana, Slovenia

Date: 20-22 February 2023

Profile of participants: This is a training and development event for Erasmus+ experts and assessors working on the assessment of proposals for cooperation partnerships (KA220) in the fields of adult, higher, school and vocational education.

Deadline of booking places: 10th January 2023

Working language: English

Number of Spanish participants: 1 (Higher Education)

Goals:

The event is designed for new and experienced assessors and will encourage learning through guided exchange and discussion. Whilst lump sum financing will strongly feature, other aspects of KA220 assessment will also be addressed, with a view to achieving a common understanding among assessors from different European countries working to assess proposals from different fields of education and training.

Expected results:

By the end of this training and development event, participants will be able to:

- DEMONSTRATE improved understanding of the key factors involved in determining the relevance of a KA220 funding proposal and APPLY this in future assessments;
- ANALYSE and DETERMINE value-for-money in KA220 funding proposals using the data and information provided within project proposals and workplans;
- EVALUATE the potential for impact and the validity of measures aimed at promotion and continued use of the concepts, models, products and services being proposed in KA220 funding proposals and partnerships.

Additional information:

This event is being delivered as a part of the CLEAR ASSESSMENT (Collaboration on the Levelling-up of Erasmus+ Assessors through developing and testing a common Resource set for KA2 assessment) Long Term Activity.

This training and development event is designed around an active learning process, in which participants will work with peers from other countries on field-specific and wider discussion groups. All participants will be required to do some pre-reading prior to attending this training and development event.
